Startup Budget & Appropriations Bill for the  
Republic for the united States of America and the State Governments

**We are at the blessed place in our history for recognition and standing as the re-inhabited Republic during this parallel phase.**

**The Republic Congress authorizes a 90-day startup appropriations bill for the Republic for the united States of America (Republic) and the 50 state governments. The figures below provide adequate funds for the provisional government to continue and expand essential parallel operations. The 90-day period begins when the first funding bill is passed by Congress and funds are made available for spending from the Republic Treasury.**

**Complete accounting records of any funds received and spent will be maintained by necessary agencies under the inspection of the H06 House Budget and Appropriations Committee, the S18 Senate Budget Sub-Committee, and made available to the Republic Congress and the Republic.**
