*"...cunning, ambitious, and unprincipled men will be able to subvert the Power of the People and to usurp for themselves the reins of Government; destroying afterwards the very engines which have lifted them to unjust dominion...The spirit of encroachment tends to consolidate the powers of all departments in one, and thus to create, whatever the form of government, a real despotism..."*

-- George Washington, Farewell Address, 1796

The Obama Administration has acknowledged our "constitutional presence" in the land (see attached Executive Order issued March 06, 2014, Sec. 7.) In so doing, he is sending a message to the American People that we will be transitioning to constitutional oversight of the U.S. Corporation in the near future. I urge all patriotic Americans to look forward to being set free from excessive taxation, a runaway judicial system, and government intrusion at federal, state and local levels.

Our Constitution guarantees a republican form of governance at all of these levels. My job, as President for the Republic is to work for and with the American People to ensure a peaceful transition from government tyranny to a government that once again serves and represents the People. As it stands – the Corporate U.S. does not represent you – it has been put in place to manage you and your assets.

Working together, it is a small thing for the American People to effect this transition. I am issuing a WARNING to all agents serving the U.S. Corporation. Since the Obama Administration has clearly stated that there is a "constitutional presence" in the land you are now obligated to the Constitution and to the American People. Soon, *de jure* grand juries will be looking into your conduct. I cannot, nor will I, protect you from these juries. Therefore, if you are issued unlawful orders from anyone above you DO NOT carry out such orders. Remember what happened at Nuremberg? I do not want that happening in this country. The rule of law will be applied equally to all, requiring justice for the innocent as well as for those proven guilty of atrocities that have been committed in the name of the American People. Just because someone above you told you to carry out an unlawful order does not make you innocent of a crime.

My orders to the U.S. Military and its trustees are to send an emissary so that they can work with the newly recognized Constitutional Government to help facilitate a peaceful transition. The American People will be set free. Freedom will mean increased responsibility upon each of us to ensure we do no harm to each other. Together, and with God's help and guidance, we can do all things; only believe.
