“...cunning, ambitious, and unprincipled men will be able to subvert the Power of the People and to usurp for themselves the reins of Government; destroying afterwards the very engines which have lifted them to unjust dominion...The spirit of encroachment tends to consolidate the powers of all departments in one, and thus to create, whatever the form of government, a real despotism...”

George Washington, Farewell Address, 1796

As previously stated, America, we will be transitioning to constitutional oversight of the U.S. Corporation in the near future. I urge all patriotic Americans to look forward to being set free from excessive taxation, a runaway judicial system, and government intrusion at federal, state and local levels.

Our Constitution guarantees a republican form of governance at all levels. My job, as President for the Republic, is to work for and with the American People to ensure a peaceful transition from government tyranny to a government that once again serves, protects and represents the American People.

Yes, the Republic established by our Fore Fathers has been re-inhabited by the American People. As such, the American People at large have a vested interest in promoting their Republic. That does not mean that people can issue official looking documents as if they were issued by the interim government, the Republic for the United States of America. Yes, please do all you can to promote your Republic; but,

DO NOT issue ID cards and the like pretending as if they were issued by the interim government.

The Republic for the United States of America does not issue any official ID cards, passports, licenses of any sort at this time. Anyone purporting to issue such documents are doing so of their own volition and are not authorized by anyone within the interim government.

God Bless America,

James Buchanan Geiger

President

Republic for the United States of America

Done outside the City of Washington, this fourth day of June, in the year of our Lord two thousand twenty, and of the Independence of the United States of America the two hundred forty fifth.

The People of the free States in Union do not now, nor have we ever supported any intent of overthrowing the UNITED STATES municipal corporation acting as a government. We are not “Sovereign Citizens” as defined by Homeland Security. We are peaceful, non-violent and advocate peaceful, non-violent methods to restore and maintain a lawful, constitutional republican form of governance. We would never advocate or take part in the kidnapping of, or violence against any public official; nor do we affiliate with any hate groups; nor would we participate in any terrorist attack against the U.S. corporate government or any public or private official. We love our fellow man, America, its People and the Republic for which our flag stands. We observe the greatest commandment, namely, that we love God and Love our fellow man. We believe that the rule of law should be applied justly and equally to all, both small and great without regard to race, gender, color, financial status, handicap, or religious affiliation. In short, we believe in treating our fellow man as we would like to be treated. We show tolerance and respect toward corporate law enforcement officers even when those officers, through lack of knowledge, may violate or infringe upon our un-a-lien-able guaranteed liberties. We are not tax protesters or the like. We believe in conducting our commerce and the business of Republic governance in the open, not in secret meetings. We hold that the People intend to research actual Law as well as applicable case Law. We intend on attending as many seminars, meetings and lectures as possible given by law professors, lawyers and the like in order to learn the proper interpretation of law. We are willing to assist any local, state or national leaders, such as presidents, governors, congressmen, senators or representatives in coming to a clearer understanding of their constitutional duties and obligations to the American People.
