Official Response to SG Anon's Podcast

To the Esteemed Statesmen of the Republic for the United States of America

This document serves as the official response of the Republic for the united States of America to the video recorded by SG Anon on March 10, 2025, and published on March 12, 2025.

Introduction

For over 227 years, as George Washington cautioned in his [1796 Farewell Address](#), “cunning, ambitious, and unprincipled men” have subverted the sovereignty of the American People (Yale Law School Avalon Project). Our constitutional Republic—intended to be “of the People, by the People, for the People”—was covertly transformed into a corporate democracy without consent. In 2010, loyal Americans lawfully re-inhabited this Republic through the Declaration of Sovereign Intent and Proclamation of Claim and Interest (2012), grounded in the [Constitution](#) and affirmed by [*Chisholm v. Georgia* \(2 U.S. 419, 1793\)](#), which upholds the People as sovereign.

SG Anon's video distorts this mission with false statements, alleging historical betrayals, military conspiracies, and internal corruption. We reject these claims with evidence and lawful precedent, reaffirming our interim role to restore America's sovereignty and helping to free the world from despotic control. We invite patriots to discern the truth and join this noble cause.

Addressing SG Anon's Claims

After a meticulous review of SG Anon's video and its transcript, we address four central assertions:

1. The Republic's Foundation and Purpose

SG Anon begins with a historical review highlighting only a select few of our founding documents. However, his historical critiques are premature; only a fully restored Republic, after lawful elections have been held, can lawfully address such matters. His opinions do not alter this Republic's commitment.

The Republic for the united States of America is not a final solution but a lawful bridge to restore governance as it stood on December 19, 1860—the eve of South Carolina's secession, when Congressional seats began to be vacated. Our founding documents, filed internationally under customary law, preserve constitutional statutes up to that date unless nullified. Post-restoration of the Republic, the American People will be called upon to dismantle the corporate crime syndicate masquerading as our government. This will require many debates, committees, conventions, and elections—a monumental and potentially multigenerational task that must align with the Founders' intent ([Constitution, Article IV, Section 4](#)).

The People of the free States in Union do not now, nor have we ever supported any intent of overthrowing the UNITED STATES municipal corporation acting as a government. We are not “Sovereign Citizens” as defined by Homeland Security. We are peaceful, non-violent and advocate peaceful, non-violent methods to restore and maintain a lawful, constitutional republican form of governance. We would never advocate or take part in the kidnapping of, or violence against any public official; nor do we affiliate with any hate groups; nor would we participate in any terrorist attack against the U.S. corporate government or any public or private official. We love our fellow man, America, its People and the Republic for which our flag stands. We observe the greatest commandment, namely, that we love God and Love our fellow man. We believe that the rule of law should be applied justly and equally to all, both small and great without regard to race, gender, color, financial status, handicap, or religious affiliation. In short, we believe in treating our fellow man as we would like to be treated. We show tolerance and respect toward corporate law enforcement officers even when those officers, through lack of knowledge, may violate or infringe upon our un-a-lien-able guaranteed liberties. We are not tax protesters or the like. We believe in conducting our commerce and the business of Republic governance in the open, not in secret meetings. We hold that the People intend to research actual Law as well as applicable case Law. We intend on attending as many seminars, meetings and lectures as possible given by law professors, lawyers and the like in order to learn the proper interpretation of law. We are willing to assist any local, state or national leaders, such as presidents, governors, congressmen, senators or representatives in coming to a clearer understanding of their constitutional duties and obligations to the American People.

Unfortunately, SG Anon's narrative of American history aligns with others who are promoting independent “nation-states” within the borders of the United States of America. This occurs when someone claims that the Constitution (1789) is not the Supreme Law of the land, which means that the country reverts to the failed Articles of Confederation (1781). Claims of independent nations within U.S. borders align with Civil War secessionists, risking prosecution under the Insurrection Act of 1807 (10 U.S.C. §§ 251–255). Those supporting secession may, therefore, subject themselves to criminal liability, including prosecution for seditious conspiracy (18 U.S.C. § 2384), which carries severe penalties under federal law. This Republic fully supports the original Constitution and therefore will not support the concept of independent nation-states. We work diligently for the full restoration of the Constitutional Republic gifted to us by our Forefathers.

2. Re-inhabitation History

SG Anon’s account of this Republic's “re-inhabitation” in 2010 relies heavily upon unverified hearsay. The authoritative historical record with over 3100 references is a two-volume series titled *Re-inhabited* by Jean and David Hertler. The books testify that James Timothy Turner was elected by state representatives in 2010 but served as an interim “Admin President.” This status is very similar to having a “House Admin” or “Senate Admin” when either does not have a quorum to elect a House Speaker or Senate President, respectively. A full [Electoral College](#) confirmation for Turner was impractical in the early stages of the re-inhabitation. Following Turner’s 2012 arrest by the FBI ([DOJ.gov](#)), his duties transitioned in line of succession to then Senate President *pro tempore* James Buchanan Geiger (Public-Notice-[RR950286699RUSA](#) – President of the Republic). President Geiger was elected in a Republic election with electoral college per the Constitution, in 2013. Due to the lack of a quorum since then, President Geiger has been oath-bound to continue his duties until a quorum can be established.

3. 1 Statute 50 (and The Northwest Ordinance)

SG Anon parrots a splinter group’s assertion that the [Northwest Ordinance](#) (1787) invalidates the Republic. However, this Republic follows 1 Statute 50, which is the law enacted by the First Congress ([Journals of Congress, August 7, 1789](#)) to codify the Northwest Ordinance, and signed by President Washington. This “settled law” guided American statehood for over 120 years ([*Strader v. Graham*](#), [51 U.S. 82, 1851](#)).

After the infiltration of 2012-2013 caused several Republic seats to be vacated, then Senate President and then Vice President proposed the use of 1 Statute 50 to President Geiger to fill those seats. By April 7, 2014 (as confirmed by official Republic emails), Senate President sent an update to President Geiger on the status of the idea. On December 8, 2016, implementation of 1 Statute 50 was officially announced ([2016 Implementation](#)), after following proper Constitutional procedures through the House, the Senate, and the judiciary.

Additionally, SG Anon purports that Turner claims that he never approved of the use of 1 Statute 50. Although in prison during this time, Turner was fully briefed on the progress of the statute's implementation in the Republic. This included Turner's review and edits of the *Re-inhabited* books, which fully documented the efforts (*Re-inhabited*, Volume 2, and Hertler testimony). Even more puzzling is Turner's full support of the use of 1 Statute 50 while teaching the Re-inhabitation Plan in a video released on August 24, 2024 ([The Great American Hicks Show-episode-9-the-patriots-the-republic-the-plan](#)). Sometime after this, Turner suddenly and mysteriously reversed his thinking. In conclusion, his claims of sudden unilateral action by President Geiger to use 1 Statute 50 are baseless.

Lastly, there are Constitutionally mandated ways to repeal a Congressionally passed law. The splinter group disregards these mandated ways. There are two actions of Congress that could be repealed, which are 1 Statute 50 itself from 1789, or the implementation of 1 Statute 50 in 2016. The Constitution states that Congress can sponsor a bill to do this, through the lawful legislative process, or a formal review can be requested through the Supreme Court. There is no option to destroy the lawful Republic in order to remove the law. (**Marbury v. Madison**, 5 U.S. 137, 1803). (Public Notice [RR950286760USA](#) – Lawful, Historical, and Constitutional Validation of the Republic for the United States of America.)

4. Financial Integrity

SG Anon then claims financial impropriety without basis. In summary:

- **Americans for Republic Foundation (AFRF):** This private ministry was created by President Geiger and Secretary of the Treasury Kelby Smith. It accepts contributions outside IRS jurisdiction while maintaining independent financial records and reporting only to its internal leadership. Privacy in financial matters is essential and is upheld as part of its operational structure ([State of the Union](#), 2025). As the Republic currently is operating on an interim basis (without a Treasury), a third-party structure had to be set up for the People of the Republic through which contributions could be made. This ministry status ensures privacy for donors. Donations have not historically covered expenses (websites, online storage, email, conference calling, bulletin services, etc.), and Republic leaders, including Geiger, Smith, Miarecki, Hertler and others, have continued to fund shortfalls.
- **God’s Will Be Done Ministry (Turner Donations):** A distinct fund was created to aid Turner while in prison, supported mainly by leadership contributions. In addition, HIS Advocates sent out email campaigns to its members on more than one occasion to support Turner.
- **HIS Advocates S.S.M. (Self-Supported Ministry):** For over 14 years, HIS Advocates has operated with an impeccable reputation, maintaining a complaint-free record with the Better Business Bureau. Founded by Kelby Smith in 2012, HIS Advocates was established as a separate ministry dedicated to assisting individuals in the complex process of disengaging from adhesion contracts with state and federal public franchises (governmental agencies). Due to the inherent conflict of interest, the Republic for the United States of America could not assume the responsibility of guiding individuals in their transition to State of the Union Citizenship. This intricate and demanding process necessitates significant support and expertise. For an in-depth overview, refer to the process outlined in: [Living in the Private Program Diagram](#). HIS Advocates and the Americans for Republic Foundation share the same mailbox address through a UPS Store, which provides mail reception services for multiple businesses and foundations. The notion that two entities cannot share a mailing address is baseless.

Refuting False Narratives

SG Anon’s podcast distorts key historical and lawful truths, as argued by many historians:

1. **[Treaty of Paris \(1783\)](#):** SG Anon claims that the treaty sabotaged the [Articles of Confederation](#) via British-aligned signatories. In reality, the treaty secured independence, with debt clauses (Articles 4–5) reflecting diplomatic norms, not conspiracy (*The Creation of the American Republic*, Gordon Wood). SG Anon’s perspective suggests that the treaty’s language and implementation forced a shift toward federalism, ultimately leading to the replacement of the Articles by the Constitution in 1789. While this might be an item for future debate, it has no impact on what the American People accomplished in re-inhabiting the original Constitutional Republic gifted to us by our Forefathers. In Utah in 2010, the Continental Congress of the American People decided that the Constitution for the United States is and will remain the Supreme Law of the Land.

2. **Civil War and 1871 Act:** SG Anon alleges a corporate overthrow, omitting the fact that Lincoln's actions actually preserved the Union. We concur that banking interests usurped the Republic starting around 1871, creating the UNITED STATES Corporation (defined under [28 U.S.C. § 3002\(15\)\(A\)](#)) as a federal entity. This corporation operates under commercial law, not the Constitution, subverting the People's unalienable rights by following corporate bylaws, and ignoring the People.
3. **2010 Founding:** No evidence exists to support military backing of Turner nor General Dempsey's involvement beyond Turner's assertions. The Republic's re-inhabitation was civilian-led through a grassroots approach ([DSI](#)). The Re-inhabited books (especially Volume 2) go into detailed and heavily referenced accounts of just how this occurred.
4. **Research provided to SG Anon:** On March 7 and 9, 2025, Sandy Miarecki provided SG Anon with a 30-page research paper ([RR950286760RUSA](#)) detailing the Republic's lawful standing. In addition, a March 9 evening phone call was held with SG Anon, Geiger, Hertler, and Miarecki, including email outreach for any future questions. Yet, within 24 hours of that call, SG Anon recorded his video. In addition, Hertler wrote a detailed summary of facts to answer one of SG Anon's questions from the phone call. This information was sent in an email in the late evening of March 11th, before SG Anon posted the video on March 12th that he had recorded on March 10th. All of this information refuted most, if not all of SG Anon's statements in the video. See Attached Affidavit.

Conclusion

For over two centuries, George Washington's prophecy unfolded as our Republic was subverted into a corporate entity. The 2010 re-inhabitation of the original Republic reclaimed lawful governance, not as a rogue faction but as a grassroots constitutional interim, thus countering SG Anon's claims of illegitimacy or military overreach. The Republic's mission is to provide the country with a lawful civil authority, once the corporate entity either fails on its own or is removed by the military. The people that currently hold the interim positions are standing by to honor their oaths to the organic Constitution and to ensure free and fair elections for the first time since 1860. Once these elections occur, then begins the monumental task of correcting all imperfections in our nation's documents. Until that time, this Republic and its officials support President Trump's [2017 pledge](#) (archives.gov) to return power to the People, contrary to the plans of deep state forces. We urge all patriots to unite in honoring the Founders' vision which was fueled by divine inspiration. God bless America and God bless this Republic.

**The Legal Standing of Churches, Humanitarian Foundations and Ministries Outside
Government Jurisdiction**

Introduction

In the United States, churches and ministries that do not register with the STATE or the SECRETARY OF STATE operate outside the jurisdiction of the United States government and the Internal Revenue Service (IRS). This principle has been upheld by various Supreme Court rulings and legal precedents, affirming that religious institutions inherently possess the right to operate free from governmental interference.

Americans for Republic Foundation (AFRF)

The Americans for Republic Foundation (AFRF) is a private ministry founded by Pres Geiger and Kelby Smith. It accepts contributions outside IRS jurisdiction while maintaining independent financial records and reporting only to its internal leadership. Privacy in financial matters is essential and is upheld as part of its operational structure (#Kelby Smith Video, State of the Union, 2025). As the Republic currently is operating on an interim basis, a third-party structure had to be set up for the People of the Republic through which contributions could be made.

Per the Declaration of Independence, the Republic People are directly under the Elohim. The People created the Declaration of Independence for the listed reasons. They did not ask for permission, and they did not register the document with any STATE, or even the King of England. Hence the people had a Trust indenture that they are able to operate from and through. A Humanitarian Foundation is much like the Declaration, in that we do NOT seek permission to be outside of the jurisdiction of a corporation like the UNITED STATES or IRS. The UNITED STATES is a corporation, not to be confused with the united States of America.

Throughout the 20th century, many churches, businesses, and trusts were converted into state-recognized corporations such as S & C Corporations, 501(c)(3) registered churches, and registered trusts, thereby subjecting themselves to government oversight. However, historical legal principles reaffirm that churches inherently hold an exempt status without requiring governmental recognition.

Exempt Organizations Under Federal Law

According to Title 26 of the United States Code and Income Tax Regulations - June 26, 1977 Edition (Commerce Clearing House Section 1.511-2(ii), volume 1, pages 33, 471, 472), and "The Law of Tax-Exempt Organizations" by Bruce Hopkins (page 107), the term "church" includes a religious order or organization if:

- It is an integral part of a church.
- It engages in carrying out church functions, regardless of incorporation status.

The inclusion of "or otherwise" in the code explicitly confirms that incorporation is not a requirement for churches to maintain their tax-exempt status.

IRS Code and Church Exemptions

The Internal Revenue Code (IRC) provides explicit exemptions for churches and religious organizations, reinforcing their right to operate independently:

5. **IRC 508(a)**: "New organizations must notify the Secretary that they are applying for recognition of 501(c)(3) status, EXCEPT as provided in Subsection (c)."
6. **IRC 508(c)(1)**: "Exceptions - mandatory exceptions - subsection (a) shall not apply to: (A) Churches, their integrated auxiliaries, and conventions or associations of churches."

Thus, churches and their auxiliaries are not required to apply for 501(c)(3) recognition. The government has no lawful authority to require churches to petition for tax-exempt status, as churches are inherently exempt.

Additionally:

- **IRC 6033(a)**: Religious organizations are exempt from filing tax returns.
- **IRC 6033(a)(2)(A)(i)**: Exempts "churches, their integrated auxiliaries, and conventions or associations of churches" from filing requirements.

An "integrated auxiliary" is defined as a part of a whole, and an "auxiliary" is a part that assists another. Given that a church ministry operates as an auxiliary to the Church, it qualifies for exemption under these provisions.

Constitutional Protections and Supreme Court Rulings

The First Amendment of the U.S. Constitution explicitly states:

"Congress shall make NO LAW respecting an establishment of religion, or prohibiting the free exercise thereof."

This provision has been reaffirmed in multiple Supreme Court rulings (under the Corporation):

- **Hale v. Henkel, 201 U.S. 43 (1906):** Confirmed that private entities operating outside of governmental recognition are beyond the reach of regulatory oversight unless they voluntarily submit.
- **Murdock v. Pennsylvania, 319 U.S. 105 (1943):** Held that religious institutions cannot be compelled to register or pay fees to the government as a condition of their operation.
- **Walz v. Tax Commission of the City of New York, 397 U.S. 664 (1970):** Reinforced that tax exemptions for religious organizations do not violate the Establishment Clause but rather uphold religious liberty.
- **Zorach v. Clauson, 343 U.S. 306 (1952):** Acknowledged that the government must accommodate and not hinder religious institutions in their mission.
- **Holy Trinity Church v. United States, 143 U.S. 457 (1892):** Established that the United States is founded on religious principles and that churches hold a unique, protected status under American law.

Conclusion

Churches, Humanitarian Foundations and Ministries (that are lawfully unregistered) are inherently exempt from government taxation and regulatory oversight, as confirmed by federal statutes and constitutional law. The U.S. Supreme Court has consistently ruled in favor of the People's right to operate religious institutions without interference. No law requires a church or ministry to register with the IRS or apply for tax-exempt status, and their exemption remains intact whether or not they file.

By exercising these rights, churches and religious organizations can maintain their autonomy, ensuring their operations remain outside governmental jurisdiction while fully compliant with constitutional protections.

God's Will Be Done Ministry (Turner Donations): A distinct fund was created, supported by leadership contributions, to aid Turner while in prison. HIS Advocates sent out email campaigns to its members to support Turner on more than one occasion.

HIS Advocates, S.S.M. (Self-Supported Ministry): A Legacy of Integrity

For over 14 years, HIS Advocates has operated with an impeccable reputation, maintaining a complaint-free record with the Better Business Bureau. Founded by Kelby Smith in 2012, HIS Advocates was established as a separate ministry dedicated to assisting individuals in the complex process of disengaging from contracts with state and federal public franchises (governmental agencies).

Due to the inherent conflict of interest, the Republic for the United States of America could not assume the responsibility of guiding individuals in their transition to State of the Union Citizenship. This intricate and demanding process necessitates significant support and expertise.

For an in-depth overview, refer to the process outlined in: [Living in the Private Program Diagram](#).

Impact and Commitment

To date, this status correction initiative has successfully assisted over 25,000 individuals in navigating the passport process with the U.S. DEPARTMENT OF STATE to obtain State Citizen status. In alignment with its mission of service, HIS Advocates has extended complimentary passport process assistance to all individuals serving in office within the Republic.

At no point has there been any intent by Kelby Smith, James Geiger, or HIS Advocates to exploit any relationship or derive profit from the Republic. The ministry remains steadfast in its ethical commitment to integrity and service.

Operational Transparency

HIS Advocates and the Americans for Republic Foundation share the same mailbox address. This arrangement is facilitated through a UPS Store, which provides mail reception services for multiple businesses and foundations. The notion that two entities cannot share a mailing address is baseless.

Furthermore, there is:

- No overlap or co-mingling of funds between the organizations.
- No personal use of accounts for any reason.
- Strict adherence to financial integrity in all operational aspects.

Both HIS Advocates and the Americans for Republic Foundation operate with unwavering transparency and ethical standards. Any assertions to the contrary are without merit and lack factual basis.

Affidavit of Fact

Jean Marie Hertler

Testimony of Fact as Relates to Affiant's Groundwork with the Republic for the United States of America and Wisconsin free State since December 2010

I, Jean Marie Hertler, the undersigned Affiant, make this Affidavit of Fact of my own free will and hereby affirm and declare under oath that I am of lawful age and of sound mind and hereby attest under pains and penalties of perjury that the information contained in this Affidavit bears witness to the Truth, is correct to the best of my knowledge, and is not misleading.

As the Affiant, I affirm my history of groundwork and positions held within the Republic for the United States of America from December 2010 to present and testify to my firsthand knowledge of recorded history pertaining to the lawful re-inhabitation of the Republic for the United States.

1. Affiant signed a Declaration of Sovereign Rights on December 18, 2010, and again on April 9, 2011 in covenant affirmation declaring that Affiant affirms, publishes, and declares that I am absolved from all political allegiance foreign to these free and independent united States of America and with a firm reliance on Divine Providence Affiant pledged my life, fortune and sacred honor to our Republic.
2. On February 18, 2011 Affiant signed an Oath of Office for State Administrator of Wisconsin free State. On September 11, 2011, Affiant signed an Oath of Office for Wisconsin free State's office of Records Keeper, and on March 7, 2012, Affiant also assumed additional responsibility by signing an Oath of Office for Chief of Staff to the then Governor of Wisconsin free State.
3. On February 26, 2014, with the recommendation of Wisconsin free State then Acting Governor Dean Henning and receiving the unanimous consent of the legislative Senate, Affiant withdrew from other offices held and stepped forward as Secretary of State having been administered an Oath of Office by Wisconsin free State Chief Justice Michael Brum.
4. Affiant believes unreservedly that I was called by Almighty God to serve Him and His Republic for the United States of America. Affiant has demonstrated my belief through my dedicated work and unreserved effort to bring the American Republic to full restoration.

5. Affiant has lived absolutely surrendered in the call of Almighty God in serving Wisconsin free State and the Republic for the United States of America. Wherever a need was known, Affiant put her hand to the task and did whatever it found to do with a standard of excellence

Ecclesiastes 9:10 ~ Whatsoever thy hand findeth to do, do it with thy might; for there is no work, nor device, nor knowledge, nor wisdom, in the grave, whither thou goest.

Colossians 3:23-2 ~ And whatsoever ye do, do it heartily, as to the Lord, and not unto men; Knowing that of the Lord ye shall receive the reward of the inheritance: for ye serve the Lord Christ.

6. In 2013, Affiant came to the realization that I was appointed by Almighty God in ministering to re-inhabiting President James Timothy Turner in his time of trial, unlawful incarceration along with considerable cruel and unusual punishment. This realization became apparent to me when no others in his circle of leaders were allowed by the powers-that-be of the *de facto* Corporate UNITED STATES to be in communication with him except Affiant, who was not at that level of national leadership or in his circle of leaders.
7. Since July 2013, Affiant received weekly telephone calls from President Turner in prison, had been in communication with him by email, handwritten letters, and created printed newsletters to keep him stay apprised of current events in true news. Affiant also stayed in regular communication with his wife and oftentimes helped them stay connected. Affiant's close relationship with Mr. Turner and his wife continued on a regular basis after his release from prison in May 2023.
8. In 2015, Affiant was directed by then Acting President James Geiger to manage the finances of the *God's Will Be Done Ministry* account on behalf of President Turner as well as managing disbursements for his monthly needs. Then Acting Secretary of State Jeanine Stewart, manager of the ministry account, instructed Affiant in all the managerial duties as well as assigning to Affiant the passwords to various related accounts.
9. Due to lack of donations and extenuating circumstances, Affiant resigned from *God's Will Be Done Ministry* managerial duties and continued in agreement with her husband to send personal funds on a monthly basis to sustain the unlawfully incarcerated and political prisoner former President Turner.

10. Affiant has demonstrated that she has the reverential awe and fear of the Lord and that she does not fear man. In 2012, when rogue elements and agent infiltrates moved to unlawfully remove then President Turner against his will while also seeking to take over the Republic for destruction, and when unsuccessful in their attempt to take it down, Affiant and husband were part of a small remnant that labored diligently for more than a decade to hold it together.
11. On at least four occasions, my husband David Hertler and I, along with other Wisconsin free State officers, met with *de facto* three-letter agents for various reasons and gave testimony to the re-inhabited Republic while also disseminating true knowledge of American history with these *de facto* agents. Affiant received periodic telephone calls from two of about eight of these agents through the years leading up to the first *de facto* election of Donald J. Trump when contact from all three-letter agents halted. I would describe all of these communications to have been positive and question the character of only one agent in particular.
12. Affiant has a testimony in her calling of Almighty God due to profound circumstances that led to writing a legal brief for the Courts of Heaven that ended in birthing into the two volumes of *Re-inhabited: Republic for the United States of America*. Volume I is entitled, “America’s Truthful History” and Volume II is entitled, “The Story of the Re-inhabitation.” This writing venture began as an official assignment by then Acting Secretary of State Jeanine Stewart to Affiant in the presence of the then Vice President in March 2014. The assignment came after Affiant reported a tremendous conspiracy I witnessed in the *de facto* Federal Government, inclusive of its various agencies that pinpointed precisely to the very time the *de facto* governors were served notice by patriotic Americans to return to the Constitution of the United States in March 2010. Affiant and her husband David Hertler, who co-authored the books, have gifted the publisher’s net compensation of both print volumes of the *Re-inhabited* series to the Republic. Affiant and her husband also gifted the pdf and audio versions of the aforementioned books along with the pdf and audio versions of their third book, *James Timothy Turner: An American President Political Prisoner* (November, 2016) and their fourth book, *God’s Solution for America and the Nations of the World* (February, 2024).
13. Since early 2010, Affiant is intimately acquainted with the history of the lawful re-inhabitation of the Republic for the United States of America. Since January 2011 to this present date, I have personally written and catalogued 57 journals, mostly 5-subject college ruled, of my notes and transcripts of various Republic conference calls, phone conversations, including notes from former President Turner’s weekly phone calls while incarcerated in federal prison. Also included in

Affiant's journals is pertinent information and a thorough history of interim government operations that is well documented. These journals have been archived as interim government records and include history of all three branches of government involvement specifically with relation to the Northwest Ordinance/1 Statute 50 process of building the free States toward restoration by learning and working toward while preparing for the time of permanent elections and turnkey of government operations to the fully restored American Republic.

14. On January 10, 2017, Affiant received a Presidential Appointment to the Republic Education Team which led to my eventual resignation from the office of Wisconsin free State Secretary of State. This direction aligned with logic in following the unprecedented and encompassing American history books I authored with my husband, David Hertler, as we together continued in bringing forth knowledge to the American people as to their God-given rights and civil duty as stated in our nation's Founding Document, the Declaration of Independence. Affiant and her husband hold conviction in bringing forth knowledge to the American people in reclaiming their identity as a nation of people along with fulfilling their prophetic destiny, of which our forefathers understood and spoke of in their writings. Affiant and her husband believe that we reverse the curse of the matrix of blind slavery we live in to the return to the jurisdiction of Liberty by bringing forth true knowledge, of which has been stolen from us through the generations for at least 150 years, by design.

Hosea 4:6 ~ My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.

15. In the past fourteen years, Affiant and her husband have traveled throughout Wisconsin and made presentations to bring forth knowledge and recruit the American people in joining their Republic for the United States of America. For several years Affiant and husband also participated on the weekly Republic News Network, For the People Radio 101 and Restoring Your Republic broadcasts as well as having been guests on other independent podcaster's programs.
16. Currently, Affiant continues to volunteer in mostly behind-the-scenes entrusted administrative duties, social media, and as called upon by President Geiger and other leaders as I also care for my family.

Herein established is Affiant's foundation and groundwork with the Republic for the United States of America as well as having become the nation's scribe and historical archivist in the lawful re-inhabitation and restoration of the American Republic.

Affiant further sayeth naught.

This document is a true and accurate copy of the original, which bears my autograph, as well as that of my two witnesses, on file with the National Secretary of State of the Republic for the united States of America. To protect my privacy and prevent unauthorized use, my autograph and that of my two witnesses are intentionally omitted from this reproduction.

Affidavit of Fact

Jean Marie Hertler

Testimony of Fact as Relates to
Emails corresponded with SGAnon with provided Republic History and links to
Documented Evidence Prior to SGAnon's Video Recorded March 10, 2025,
and Published March 12, 2025

I, Jean Marie Hertler, the undersigned Affiant, make this Affidavit of Fact of my own free will and hereby affirm and declare under oath that I am of lawful age and of sound mind and hereby attest under pains and penalties of perjury that the information contained in this Affidavit bears witness to the Truth, is correct to the best of my knowledge, and is not misleading.

As the Affiant, I affirm my history and positions held within the Republic for the United States of America from December 2010 to present and testify to my firsthand knowledge of recorded history pertaining to the lawful re-inhabitation of the Republic for the United States of America. This subject matter pertains to email correspondence between SGAnon, Secretary of State Sandy Miarecki, and President James Geiger after a 4-way phone conversation held Sunday night, March 9, 2025. This subject matter also addresses historical knowledge and information provided to SGAnon before he recorded his March 10, 2025 video of which was published two days later on March 12, 2025.

1. Affiant testifies to receiving an email addressed to myself, Secretary of State Sandy Miarecki, and President Geiger dated the evening of March 11, 2025 from SGAnon requesting assistance in locating and obtaining the Republic 2014-2016 Congressional records of which President Geiger had stated began the process of the implementation of 1 Statute 50. **Exhibit A**
2. That night, in a responding email dated seconds after midnight on March 12, 2025, Affiant brought forth knowledge of historical facts and archived records of national leadership discussions and disseminating knowledge on the 1 Stat 50 process of "Building the States" had beginning on November 8, 2016 in Joint Sessions of Congress with a total of 9 sessions and the Judiciary of which joined Congress in the last 7 sessions beginning in January 2017. This history is extensively covered and documented in *Re-inhabited Volume II*. **Exhibit B**
3. Included in Affiant's response to SGAnon is the history of the Republic Information Call for Governors, (RICG started in 2012), and then the weekly RICGs being combined with the Build the States calls (RICGBTS) from the calendar year 2014 through calendar year 2017. Leaders from all

three branches of government regularly attended this Call and interacted with reports and discussion. These recorded conference calls are centered on the 1 Stat 50 process in building the States with a goal to seat the States with 5 offices (making them “green states”).

4. Included in Affiant’s response to SGAnon is mention of the history after the September 2012 kidnapping “arrest” of former President James Timothy Turner and of which contributed to the fear and mass exodus of most of our people and free States, making it necessary to rebuild, all while unknowingly for a long period of time as being shadow-banned in our outreach efforts.
5. The aforementioned history provided to SGAnon shared in email is thoroughly covered in *Re-inhabited Volume II* which was authored by Affiant and written from archives of Affiant’s journals, official documents, and archived official Republic recordings.
6. Evidence was provided in the aforementioned email to substantiate these historical facts provided, with a link to access 9 audio recordings of the Joint Sessions of Congress combined with the Judiciary held in session from November 8, 2016 through March 13, 2017. Also provided by the aforementioned link was access to a pdf version of the previous 1st/2nd edition (August 2016) of *Re-inhabited Volume II* which includes even more information and official documents on all three branches of government in approval and active participation in the 1 Stat 50 process than the revised 3rd/4th editions provide.
7. In the aforementioned email I made statement that since January 2011 to this present date, I have personally written and catalogued 57 journals, mostly 5-subject college ruled, of my notes and transcripts of various Republic conference calls, phone conversations, including notes from former President Turner’s weekly phone calls while incarcerated in federal prison. The content of the journals and official documents came to be published as *Re-inhabited Volume II* and contributed to *James Timonthy Turner: An American President Political President* (November, 2016). I also advised these journals have well-documented government involvement specifically with relation to the Northwest Ordinance/1 Statute 50 process of building the free States toward restoration.
8. Also included in Affiant’s journals is pertinent information and a thorough history of interim government operations that is well documented. These journals have been archived as interim government records and include history of all three branches of government involvement specifically with relation to the Northwest Ordinance/1 Statute 50 process of building the free States toward restoration by learning and working toward, while preparing for the time of permanent elections and turnkey of government operations to the fully restored American Republic.

Affiant is intimately acquainted with the history of the lawful re-inhabitation of the Republic for the United States of America.

9. Affiant emailed SGAnon again just over an hour after her first email and established the fact that where former President Turner in recent months has claimed that he had no knowledge of the 1 Stat 50 process and suggested that it was solely an executive contrived notion. To the contrary, as former President Turner's Foreword that is published in both editions of *Re-inhabited Volume II* and his gracious acknowledgement of our work in the book, "I am proud to say that these two volumes of Re-inhabited are two of the greatest literary work ever written on American history. They are truly a national treasure and should be required reading for every American." The Foreword was sent from President Turner in prison by email to Affiant. Former President Turner read chapters of the book manuscript printed and mailed to him in prison by Affiant. Affiant also purchased copies of the books and had them shipped to whatever prison facility he was "warehoused" in as he would be moved to another facility. It's not possible to read Volume II and not be fully apprised of the recorded history of the Northwest Ordinance/1 Stat 50 process. **Exhibit C, C1, and C2**

10. Also included in Affiant's journals is pertinent information and a thorough history of interim government operations that is well documented. These journals have been archived as interim government records and include history of all three branches of government involvement specifically with relation to the Northwest Ordinance/1 Statute 50 process of building the free States toward restoration by learning and working toward, while preparing for the time of permanent elections and turnkey of government operations to the fully restored American Republic. Affiant is intimately acquainted with the history of the lawful re-inhabitation of the Republic for the United States of America.

11. Attached hereto and incorporated herein are Exhibits,

Affiant prays to Almighty God her Father that the American people be given wisdom from above in rightly discerning truth and doing their duty to support the restoration of the American Republic known as Republic for the United States of America.

Affiant further sayeth naught.

Thank you all for the talk the other night —

I am having difficulty finding the Republic 2014-2016 Congressional record, which President Geiger stated began the process of the implementation of 1 Statute 50.

Can anybody help me out on this one? Thank you in advance...

Hi Sister, Thanks for the update on the book. After much prayer and meditation I finally received the words this morning for the forward. I had just finished the draft when I got your email. Father as always is right on time. I wanted to be sure to write His words and not mine. I believe this is His message for us today. I love and appreciate you very much.

Forward:

The American People have been wandering through a political wilderness for more than 150 years. Great efforts have been expended by Lucifer and his unprincipled men and women to keep Americans and other Peoples of the world in the dark concerning their evil plans for mankind. Many well placed officials in governments around the world, politicians, progressives, captains of industry, bankers, and media (Prostitutes) have conspired with these unprincipled men and women to perpetuate the lies and slavery known as democracy. Many of them have sold their souls for only the crumbs of wealth and power. The American constitution as consented to by the American People only authorizes and guarantees a Republic form of government for the union of American states. All politicians leaders or officials who support the democracy are in violation of their constitutional oaths of office. They simply do not work for nor do they support the American People. Re-inhabited Volume one explains with great clarity who is involved in the unlawful Coup de tat known as the democracy as well as how it was instituted. Re-inhabited volume two explains the solution the American People can follow to find their way out of the wilderness of deception known as the New World Order by which they have been duped. Yahweh intervened on behalf of our original Founding Fathers to help them establish a Republic form of government by which all men could be free. From the beginning slave owners and Luciferians have worked tirelessly to subvert the Republic and replace it with a democracy which is just another form of slavery. In 2010 a new group of Founding Fathers and Mothers came together to re-inhabit the original republic form of government as established in 1787-91. Since that time they have accomplished the impossible against all odds. The offices of the original republic government have been re-seated and are in operation. This republic is the heritage of the American People and their God given right they only need to embrace and support it. Yahweh our God is with us and will help if we the People support the Republic but He will not force the American People to do it against their will. If you fail to act because you are afraid that it may cost you something then you are not worthy to be called an American or a Christian. Separate yourselves from us and continue to lick the boots of your Luciferian slave masters. We must decide if we want to live in liberty or bondage. Failure to make that choice is your choice to be a slave and is disobedience to God. We have built the structure of your Republic should you choose to come and re-claim it. America is at war. Our enemies are not only ISIS and the New World Order but also those who have sworn an oath of office to uphold the constitution and yet support the democracy. Don't be fooled by the media these politicians know exactly what they are doing. As Christians we are charged by Yeshuah (Jesus) to forgive our enemies. That charge did not include allowing our enemies to destroy us from without or within. We must arise and deal with this threat as we would deal with a rabid dog that is trying to destroy our families. Yahweh our God will give us victory in this struggle if we will stand. He will also judge us harshly on that day if we fail to stand against this evil because of apathy, cowardice or lack of faith. It is Yahweh's will for America to be set at liberty. Many have made great sacrifices to re-inhabit God's Republic at His command. Our Founding Fathers gave all so should we be required to give any less. I am thankful to my good friends Jean and David Hertler for the labor of love they have undertaken to write these books. It has been a great sacrifice on their part that required several years of research, study, writing and proof reading to accomplish. I am proud to say that these two volumes of Re-inhabited are two of the greatest literary works ever written on American history. They are truly a national treasure and should be required reading for every American. I thank you both from the bottom of my heart for your dedication and sacrifice. I pray that the Peoples of the world will embrace the information within the two great books and act upon it righteously. Prayer is our number one weapon but should not be construed as our only weapon. When prayer is coupled with true repentance it will touch the heart of Yahweh our God and He will intervene on our behalf. Without His help we will certainly fail. Americans must make their choice very soon. The very survival of you and your posterity absolutely depends on it. As for me I gave a solemn oath to uphold the sacred law of God as contained in the American constitution and founding documents. I have faithfully kept that oath and will continue to do so as long as I live. Will you join me in standing up for America and Yehova our God. May Yehova our God Bless America from sea to shining sea and give us victory.

Jean Hertler

Founding Father and Former President, James Timothy Turner

6/14/2016 Hello my brother ~ Thank you for your love, appreciation and prayers. LOL, I will tell David that I need the prayer for endurance, brother. I am walking, stretching, on a cleanse, and fasting appropriately. Feeling exceptionally tired lately. I am an Overcomer and aware to be in shape for the next stretch of the Great Race. Brother, an agreed target of the 4th of July is the goal to have book 2 s manuscript completed and formatted. Please gear-up to have the Foreword done by that time. Also if you can give me an idea of how many pages it may be that may be of help to him in the formatting preparation. Holy Spirit and the publisher are "putting a lid on it." Also, please be advised that John is home. Know that you are loved and respected. A hug in the Spirit. God s face shine upon you. Jean

Hi Sister, Thanks for keeping in touch with Karen. I know she is in good hands but I still worry about her sometimes. I love and appreciate all you do more than you will ever know. The book is the most important history of America that has ever been written. I have enjoyed it immensely. It is going to change things very much. Our God still reigns from sea to shinning sea and throughout the entire universe and will is going to be done. I can see it by faith coming to pass. I can't wait to collect on those hugs. Let the family know I love and appreciate all of them too. God Bless, Tim

6/5/2016 Hello dear brother ~ Thank you for calling today. I did call Karen and she was glad to know that I got to talk with you and to know you're doing good. She thought something went wrong with the phones on your end. She said to tell you that she was sorry to not get to talk with you, she loves you so very much and misses you bunches and can't wait to talk to you again. I did get to talk with her on Thursday for about an hour. She sounds good. I told her David and I were presenting Friday night and she was praying us through and for me not being nervous. It went very well. I will watch for your email to come through on the oath and thank you very much for the info on that. Please be assured that it will be handled correctly and that it is important for historical fact. I am faithful to you in prayer and stand with you as we wait for heaven to manifest on earth. Like Samuel Adams said after signing the magnificent American covenant, "He reigns in heaven and from the rising to the setting of the sun, let His kingdom come." all my best, lovingly, Jean

5/20/2016 Hello dear brother ~ Thank you for your email and update. Thank you for reading the chapters and for your kind words of support. That means a whole lot to me. Thank you. I have forwarded the info on the oath and am asking for assistance in how to cover that fact. Thank you for that insight. I have relayed your message on the books to Dan and Brenda. They are prayer warriors and are faithful to you. Brother, I exhort you that we have a case pending in the Courts of Heaven in which we are waiting on a verdict. I am not insensitive about man s court, dearest brother, however, I exhort you that a focus must be put on the Spirit in what it is He wants to say to you. There is something brother, I say that with a knowing. It is a Higher court than man s court. Yes, He may use man s court, however, the Higher court must be the priority of focus right now. I say that with all due respect and all the love in my heart. I remain faithful and beloved in the call. God bless you, Jean

Hi Sister, I hope this finds you well and highly blessed by our Father. I have received the book and thru chapter 19. I read them all and enjoyed them very much. I read them all in one day and wanted more. You have a gift for writing. One thing that I wanted to tell you is that we discovered that I had taken the wrong oath of office but I took the proper oath some time later. I don't remember the exact date but it was in 2011 and administered by the Chief justice as required. It is not important but I wanted you to know. Let Dan and Brenda know I will read the books and let them know I appreciate their prayers. The court filing will be delayed by up to 6 months due to a procedural issue I just discovered. This has been quite a learning experience in law and procedure but a good one. I am working hard to get it done and believe it will be successful. As I go the Lord directs me to critical information that only strengthens my case. If the court moves in my favor I should have the time reduced to about time served by the time it is heard. Let the family know I love them all and pray for them daily and am doing well. I

Hi Sister, I am much better still having a little congestion from bronchitis but it is much better. Been praying for you and the family and believe that the Lord is about to do great things... I've been watching this election process some lately and it is clear the status quo does not want Trump. The more reason for the People to insist on him for President. They should have learned by now that the more they fight against him the more the People will support him. It is entertaining to watch. I certainly hope Hitlery does not win. It will be the end of this country as we know it if she does. It appears she could be arrested for espionage soon according to news reports. One can only hope and pray of course. Is brother John home from his tour of duty. I've not heard from him in a little while. Let him know I love him and pray for him and his family. Let the family know I love them all. God Bless, Tim

Each of the six of us are to receive

confirmation in our spirits that the petition has been granted and a verdict given by the Supreme Judge of the world. That confirmation may be different for each of us. One may receive a word of knowledge, another may receive a dream or vision, another a prophetic word; God will deal with us in our own particular way. Record will be made of the revelations. When all have received confirmation of the verdict then we will move forward along with the Holy Spirit and the angels as execution of judgment goes forth. My brother, I have a sense of something very huge about to go forward. Please pray me through completion of book 2 and at an accelerated rate. You are dearly loved and respected. Hi Sister, I hope this email finds you and yours well and highly blessed by our Father in heaven. I am excited about the appeal to Heaven ceremony comming up. I believe that doors are going to open that no man can shut.. I will begin the fast of unleavened bread on Friday at sundown for seven days in honor of the Covenant. Our God is in control and has always been. I am not elligible to participate in Passover as I am not registered as Jewish. I met with the chaplain and he explained it to me. I explained to him that it was not important but i would be keeping Passover myself anyway. It would be great to spend it with you and your family. Maybe next year. The action in court is still pending but I expect it to be dismissed. It has no elements of a Habeas Corpus petition and should be dismissed. I will refile it properly in a couple of weeks. If you will I need to find out from the clerk of the district court in Benton the answer to a couple of specific questions. Asking them properly is essential in getting the right answer. I don't like to ask but I have no other way to find out. The questions are:

1. How do I style a case for the Chancery Court. Style is the Heading of the Court and the address, i.e. ...To the Honorable Chancellor or what they require.
2. I need to know what the filing fee is for a chancery case for Specific Performance of a breach of contract and claim for legal and equitable title to property. No specific monetary damages are requested only legal and equitable title to property.

If you could call the clerk and get that info for me it would be a tremendous help. I know they can be a bit difficult but when you ask correctly sometimes it makes them more responsive... Thank you for all you do and who you are. I love you dearly and hope to collect on those hugs soon. Let David know I like him a little bit too. As Grandpa would say "He ain't too bad for a yankee", as he sipped his mint julip or moonshine on the front porch. I love you all, God Bless, Tim
